

Critical Incident Psychosocial Intervention Team- Training Event January 30, 31 & February 1, 2009

- Are you in training to become or are you currently a social work, psychology, counseling or ministry professional?
- Did you wish during the Hurricane IKE, or Katrina/Rita evacuations that you could use your training to help the folks in the shelters address some of the emotional and spiritual challenges that came with their sudden evacuations and the journeys each had taken to come to Waco?
- If so, we have a new project that we would like to talk with you about.
