TAKING CARE OF CHILDREN:

CHILD ABUSE: A NATIONAL EPIDEMIC

**Keynote Speaker, Sergeant Bill Davis, will take you on an emotional rollercoaster ride, laughing one minute and crying the next with his highly motivating 8-hour presentation about crimes against our children and families. He will use over 375 power point slides as he talks about physical, neglectful, emotional, and sexual abuse to children and how child abuse and domestic violence intermingle. He will discuss applicable laws, physical abuse indicators, wound identification, shaken baby syndrome, S.I.D.S., profiles of the three kinds of rapists, profiles of the three kinds of pedophiles, incestuous families, positive parenting skills, and ways to curtail and report these incidents of abuse and violence. The information received from this program could save a child's life or an innocent family member's life.**
