

## **"School Supply Store" Opens for Low-Income Families**

**Over 2400 children expected to be served...you donations are needed now!**

In a struggling economy, poverty only feels worse when a parent cannot provide basic educational items for their own kids! Mission Waco's annual "School Supply Store" offers those parents a dignified way of meeting those expensive needs. Through donations made by our donors, friends, churches and businesses, the annual "store," invites under-resourced parents of our programs (first) and then the public to come purchase around \$30 worth of required supplies for only \$5. The money they provide is used to buy more supplies and Mission Waco takes no funds for administration. Donations from local sources are needed now. As well, if you want to volunteer in the store, contact Suzanne Kelly, who volunteers each year to lead this huge effort. Call the office, 254.753.4900 for more information.
