

SBA Website: COVID-19 Resources!

As we all shelter in place, assist small businesses and manage the flow of email traffic, we encourage everyone to check out the SBA website often. The SBA adds new information and guidance frequently.

Some specific links of importance are as follows:

Also, please make sure that applicants who have existing 7a loans are taking advantage of the SBA Debt Relief with regard to their existing loan. Under the program, SBA will make the payments to their lender on their behalf for 6 months. All this information and more can be found on the www.sba.gov website.
